

# Academic Support Resources

## Student Success Workshops (SSW)

Students are welcome to student success workshops in the computer lab! Mx. Serena, IPoly's Education Specialist will be reteaching concepts from core classes and facilitating peer academic engagement. We'll be covering academic strategies, going over practice tests, and offering general support for all your academic needs. Come collaborate with us for student success!

General walk-in support is available to students in all grade levels, every day after school.
